NATIONAL DAIRY SHRINE

One person can make a difference

Wearing a National Dairy Shrine membership pin says a lot about you. It says that you've joined more than 17,000 dairy producers, processors, suppliers, scientists, students, educators and others with a stake in the dairy industry. No other organization unites so many diverse people whose livelihoods all depend on the production and processing of milk and dairy products.

Joining National Dairy Shrine is one of the best ways for an individual to make a meaningful contribution to the growth of the dairy industry. Your one-time, lifetime membership fee supports National Dairy Shrine's ongoing efforts to strengthen dairy agriculture, from the cow to the table.

How your National Dairy Shrine membership benefits the dairy industry

Honoring past dairy leaders

Each year National Dairy Shrine recognizes innovators who have contributed to dairy progress.

Recognizing dairy leaders of today

We also recognize achievements by contemporary leaders. The top recipient, the "Guest of Honor," receives kudos at the annual National Dairy Shrine banquet, along with an outstanding active dairy cattle breeder.

Inspiring future dairy leaders

Some of our most exciting awards are the more than \$35,000 in scholarships and grants given each year to dairy students. These include:

- **Kildee Scholarships** – Participants in the national collegiate or 4-H dairy judging contests and dairy challenge can apply for two \$3,000 scholarships for graduate work or one \$2,000 scholarship for undergraduate study
- **DMI Milk Marketing Scholarships** – Up to \$1,500 for college students interested in careers in milk marketing
- **Student Recognition Contest** – Cash awards to encourage college seniors to work with dairy cattle after graduation
- **McCullough Scholarships** – \$2,500 and \$1,000 scholarships for incoming college freshmen who plan to pursue dairy communication careers
- **Progressive Dairy Producer Award** – Two \$2,000 educational travel awards for successful young dairy producers
- **Graduate Production Award** – A \$2,500 grant for purchased cattle for a young dairy producer
- **Core Scholarship** – For freshmen majoring in dairy/animal science
- **Iager Scholarships** – Awards for dairy students at two-year agricultural schools
- **Klussendorf Scholarship** – Outstanding animal or dairy science students may apply

Recording dairy achievements and events

The National Dairy Shrine Museum in Fort Atkinson, Wisconsin is truly the dairy "Hall of Fame," with portraits and mementos of people who shaped dairy agriculture and product processing. The facility also showcases the organization's fascinating collection of dairy artifacts, gadgets and memorabilia.

Promoting the dairy industry

Each year, thousands of tourists and schoolchildren learn about the dairy world by visiting the National Dairy Shrine Museum. Open year-round to the public, the self-guided tour provides insight into dairying's past, present and future.
