The President’s Message...

By Carl Zurborg, President, National Dairy Shrine

It is a real privilege to be able to serve National Dairy Shrine as your President this year, the 57th year since our organization was founded. Those dairy leaders who started NDS at the Dairy Cattle Congress in Waterloo established it with sound goals. They were 1) to recognize today’s dairy leaders, 2) to honor those great dairy leaders of the past, 3) to inspire individuals to become future dairy leaders, and 4) to record the history of the dairy industry. Since that time, an additional worthwhile goal has been added, 5) to promote the dairy industry.

The past year, under the capable leadership of President Bonnie Burr and the professional assistance of Executive Director Maurice E. Core, our organization has moved forward toward those goals.

Dairy leaders of the past and present were honored for their outstanding achievements in serving the industry during their careers. Over $30,000 in scholarships was awarded to students in recognition of their accomplishments, to encourage them to continue their studies and to develop their leadership in the industry.

A great move forward was the planning and near completion of Remodeling Project II at the Visitors’ Center. The upstairs level features our new state-of-the-art educational show. This was needed to replace the old slide show that required a lot of maintenance. The overall project also includes additional lighting, new carpeting and wall finishes on both levels. All of the photos of people, cows, etc. are being electronically scanned for easy storage and recovery in the event of a disaster. The lower level has a large display of early equipment used for milking and the processing of dairy products. It also includes the new Hall of Fame, displaying photos of Guests of Honor, as well as the recipients of Pioneer and Distinguished Breeder Awards. The total project will cost nearly $200,000 when completed, and all of the funds were donated by NDS members and organizations. Our thanks go to Bernie Heisner and Charles Sattler, Co-Chairmen of the Fund-Raising Committee, and to all who contributed to the project. We also want to thank the leadership of the Remodeling Committee that includes Tom Lyon, Steve Larson and Bob Wulfkuhle for the great job that they did in handling the many important details.

If you have not visited the National Dairy Shrine Visitors’ Center in Fort Atkinson, WI, you should plan to at some time in the future. It is truly an educational experience that you will always remember.

A matter that all of us should be working on is Membership Development. We now have about 17,800 members worldwide, and there are many more individuals in dairy and allied industries who are good potential members. When NDS was started 57 years ago, a Lifetime Membership cost $25 and another $25 was expected to help fund the Kildee Scholarship. The total $50 is the same cost as a Lifetime Membership today. If we apply the inflationary costs

The Dairy Shrine Museum Visitors’ Center is currently being remodeled thanks to the recent generosity of the NDS membership. The museum and visitors’ center is in Fort Atkinson, Wisconsin and is undergoing some major changes. Located in the lower level of the Fort Atkinson Historical Museum, the project includes decorative treatments for the walls, floors and ceiling. The entire area will be made more inviting through improved lighting and traffic flow patterns.

A special area will greatly enhance the Guest of Honor, Pioneer and Breeder portraits. The project was designed and construction planned by Jill Kessenich of Clark Home Design, Fort Atkinson. Considerable volunteer assistance is being provided by visitor committee members Steve Larson, Bob Wulfkuhle, and Ron Koenig. Plans are to have the project completed for viewing by the Dairy Shrine Executive Committee at their March 2nd and 3rd meeting. This will complete the second phase of the plan to make the museum an attractive venue for visitors with either specific or general interest in the history and importance of the dairy industry. The first phase completed in 2004 provides a visual tour of the industry from producer to consumer.

The visitors’ committee invites NDS members to tour the museum when in Southern Wisconsin. Signs located throughout the Fort Atkinson area make it easy to locate.

Tom Lyon, Chairman
NDS Visitors’ Center Committee

Knox and Meyer - The Memorial Gifts Keep Coming

Two men who were among the most significant stalwarts of National Dairy Shrine during their lifetimes, Bill Knox and Gene Meyer, passed away in 2005. More than 300 gifts have been received in their memory by National Dairy Shrine thus far. This unprecedented outpouring of contributions from throughout the country are a testament to the way Bill and Gene touched the lives of many dairy folks in personal, significant and meaningful ways.

This pair joined Hoard’s Dairyman magazine after World War II and traveled the country to reconnect with dairy families and leaders everywhere, while reestablishing Hoard’s Dairyman as the “bible of the dairy industry”. As a result they became significant advisors and players in a wide variety of progressive actions taken by the dairy industry in the past 50 plus years.

To the members of the Knox and Meyer families, National Dairy Shrine members say “Thank You” for allowing many of us to interact with Bill and Gene in ways that made us feel special.
